

## CONSTRUCTION COMBINE LETTER OF COMMITMENT

I understand that my role as a **Training Contractor** for the **Construction Combine** is a significant responsibility and will make it a priority. This letter is no different than a construction commitment agreement you would make with one of your paying customers; and should be entered into with the same level of obligation.

**Participant Commitment** – I am willing to make a commitment of my time and will attend the full two-day event. I understand that my commitment is key to ensure that we will have the appropriate number of training contractors on board to provide comprehensive training in a safe training environment. There will be a mandatory contractor meeting on Tuesday, March 12, 2019 at 9:00 am to review assignments and logistics.

**Objective of the Construction Combine Event** – to give local motivated trainees the opportunity to demonstrate their construction trade skills, learn new skills, show their motivation, and potentially get a job. Equally as important is the opportunity for Contractors to see potential trainees in an applied setting and screen them for potential job openings.

**Where/When will the Construction Combine Event be Held?** – Wednesday-Thursday March 20-21, 2019. Meet at 7am in the Home Depot parking lot at 311 East Lane in Ontario Oregon. You will be there until 5pm.

### Your Commitment Is -

- Attend the full two-day event to ensure adequate training opportunities and a safe environment.
- Be at the event from 7am- 5pm each day.
- Bring your tools of the trade that will be used to assist in the training stations.
- Be interested in training people of all levels of skill with assurance and patience.
- Developing and growing our local construction trades workforce pool.
- Sign the accompanying TVCC liability waiver.

I have read and fully agree to this Letter of Commitment and look forward to assisting the **Construction Combine team** in this role.
